### **BALTIMORE GAS & ELECTRIC SELECTS APEX TO PROVIDE ONSITE SERVICES FOR ELECTRIC MAPS AND ASSET RECORDS UNIT**

**HERNDON, VA – April 15, 2010** - Apex CoVantage, a leading knowledge process outsourcing (KPO) company specializing in engineering solutions, is pleased to announce that Baltimore Gas and Electric (BGE) has awarded Apex a contract to provide onsite staff support to the Electric Maps and Asset Records Unit. BGE is a business unit of Constellation Energy, a Fortune 200 company and the nation's leading competitive supplier of electricity to large commercial and industrial customers.

“Apex is looking forward to re-establishing our relationship with BGE and to grow our presence in various departments. Apex has a long history with the BGE Maps and Records division, including providing GIS conversion services and support through 2005 and creating and building the GIS system referred to as ATLAS,” said Diana Sundar, Apex Business Development Director, Engineering & GIS Solutions.

Apex will provide drafting services for BGE's Electric Maps and Assets Records Unit, including updating technical drawings and plans. Apex drafters will use Computer Aided Design and Drafting (CADD) systems to prepare and print drawings for BGE field technicians on a daily basis. Apex engineers are able to combine their utility industry knowledge with the full range of specialized technical skills to serve BGE business needs.

### **About Apex CoVantage**

Apex CoVantage is a private, employee-owned company that for more than 20 years has helped businesses to develop and execute strategies in the information and knowledge fields. Based in Herndon, Virginia, Apex was a pioneer in the market for off-shore knowledge-based solutions; we now have over 2,500 employees here and abroad. From the beginning, Apex specialized in developing and improving man-machine processes that optimally combined human creativity with machine processing efficiency, sometimes finding transformative solutions leading to quantum gains in efficiency—often well beyond what clients thought possible.
