APEX ENGINEERING TO EXHIBIT AT AND SPONSOR OSP EXPO 2007

San Jose, CA Event Takes Place August 28-30, 2007

HERNDON, VA – August 22, 2007 - Apex CoVantage, a leading global knowledge process outsourcing (KPO) provider in engineering solutions, announced that it will be exhibiting at the OSP EXPO, August 28-30 in San Jose, CA. Apex is a *Silver Sponsor* of OSP EXPO 2007 which will bring together Outside Plant professionals from the ILEC (Incumbent Local Exchange Carrier), IOC (Independent Operation Companies) and CLEC (Competitive Local Exchange Carrier) communities serving the converging telecom industry. OSP EXPO delivers solutions, products, and technologies for broadband network deployment.

Apex's Engineering Solutions division specializes in the development and delivery of quality engineering and geospatial data solutions for organizations in the telecommunications, electric, gas, rail, and water utility markets, as well as local government.

"We are excited to once again take part in the OSP Expo so we can showcase our ever-expanding telecommunications services," said Apex Engineering Solutions Vice President, Greg Retzer. "The nature of the services OSP professionals require makes this an ideal conference for Apex Engineering, especially when it comes to enhancing existing client relations in this continually evolving marketplace. We look forward to meeting with our existing clients, and to the opportunities it presents in discussing potential programs with new clients."

Apex Engineering will be at Booth 617 in the San Jose McEnery Convention Center. All attendees and press are invited to stop by the booth to learn more about the benefits of Apex Engineering Solutions.

###

About Apex CoVantage

Apex CoVantage is a US provider of global Knowledge Process Outsourcing (KPO). Apex helps businesses to execute precise knowledge, information and communications strategies through our diverse people, technology and workflow systems. We opened our first KPO service center in 1988 and subsequently pioneered the market for offshore, knowledge-based solutions. Today, we provide publishing, contact center, engineering, and research and content solutions from a global network of state-of-the-art facilities with US-based project management and leadership. In every industry, our clients are reaching the next level of service performance in partnership with Apex CoVantage.
